Task Risk = Low			1	2	3	4		5
		1	1	2	3	4		5
		2	2	4	6	8		10
		3	3	6	9	12		15
		4	4	8	12	16		20
	5	5	10	15	20	25		
		Low			1 to 9			
		Medium			10 to 15			
		High			16 to 25			

Controls:
 All vehicles must carry a functioning fire extinguisher suitable for use on electrical & fuel fires.
 A minimum of 2 sets of fire extinguishers will be available on site at competitions. One at a labelled static fire point and a second as a mobile on vehicle set to respond should it be required at any other point on site. All Club owned fire extinguishers to be serviced/tested annually by an approved service agent and test certificate retained on file.
 Overnight camping for 2 day events and Shows etc – No campfires should be lit without prior permission from the Landowner. Fires are only to be lit in designated areas as instructed by club organisers. Fire Extinguishers will be available on site at designated area.
 At official Shows only use charcoal or coal to reduce risks of sparks to camping areas.
 No fires near overhead power cables.

Post-Controls Assessment:	Severity	Likelihood of Occurrence					Risk Rating:	
Task Risk = Low			1	2	3	4		5
		1	1	2	3	4		5
		2	2	4	6	8		10
		3	3	6	9	12		15
		4	4	8	12	16		20
	5	5	10	15	20	25		
		Low			1 to 9			
		Medium			10 to 15			
		High			16 to 25
